Lot No. 197

Warhammer 40,000 Dark Angels & Necron forces — a large mixed collection, comprising a substantial Dark Angels Space Marine army alongside a smaller contingent of Necron Warriors and Scarab Swarms.

The Dark Angels force includes two Space Marine vehicles (heavily converted and custom-painted), multiple bike units, several banner/standard bearers, character models, and a significant number of tactical, assault and veteran infantry, all painted in a consistent Dark Angels colour scheme with various embellishments, conversions and basing styles. Also included are several loose heavy-weapon components. Paint finish is generally tidy but entirely non-professional; models show typical signs of handling, glue residue, chipping, and the occasional broken or missing piece.

The accompanying Necron detachment comprises twelve Necron Warriors with green-rod gauss weapons, together with four Scarab Swarm bases, all painted to a playable tabletop standard. These too show light rubbing and minor wear. Unchecked for correctness or completeness. See photo

Estimate: £50-70

Lot No. 198

Warhammer 40,000 Imperial Guard (Astra Militarum) mixed forces — a large, assorted collection comprising multiple Imperial Guard infantry units, Ogryns, and a contingent of heavy armoured vehicles.

The lot features a substantial body of infantry in various stages of painting, including approximately sixty-plus Guardsmen across mixed sculpts, poses and weapon loadouts, together with several special-weapon and heavy-weapon figures, and a smaller number of unpainted/primed-white models. Also included are three classic Ogryn figures (older metal-style sculpts), each assembled and hand-painted. Bases are mixed, with both round and square types present.

Accompanying the infantry is a group of four Lemn Russ-pattern tanks, spanning different variants and degrees of conversion. These include heavily customised examples with added armour plates, improvised detailing, repainting and repairs. Paintwork is non-professional throughout, with visible hand-brushed sections, overpaint, glue residue, and occasional missing or improvised components.

Overall paint finish across the army is entirely amateur, displaying the usual signs of gaming use, storage wear, chipped edges, thick paint, breakages and ad-hoc repairs. No items have been checked for completeness or correctness relative to original Games Workshop releases. See photo
