Lot No. 36

Kenner The Real Ghostbusters Fire Station Headquarters playset, dating from 1987 and inspired by the hit animated series. This expansive three-story playset features the signature ghost pursuit fire pole, ghost containment unit, ghost trap, and large opening garage doors, alongside various internal floor grates and railings. The item is housed in its original color-illustrated box, which displays visible age-related wear including creasing, edge scuffing, and minor tearing to the top flaps, while the plastic components remain in good vintage condition with decals applied. The set is opened. Condition appears Good to Excellent.

Estimate: £60-80

Lot No. 37

A collection of three vintage Kenner The Real Ghostbusters toys, featuring an Ecto-Bomber (presented in its original German market box), a Ghost Spooker voice modulator, and a "Kecke Koblode" action ghost. The Ecto-Bomber is accompanied by its original box and includes the white plane, two missiles, and a purple ghost figure. Both the Ghost Spooker and the action ghost are housed within their original packaging, exhibiting signs of age-related storage wear, including corner scuffs and creasing to the cardboard. This group provides a nostalgic look at the 1980s tie-in merchandise for the hit animated series, featuring both English and European market packaging variants. This Kenner boxed trio Ghostbusters collection consists of 1x Ecto-Bussi (German box) complete, 1x Kecke Koblode (German box), and 1x ghost spooker. Condition appears Good to Excellent.

A comprehensive collection of vintage Kenner The Real Ghostbusters toys, headlined by the Fire House Headquarters playset. The assembly includes two Highway Hunter Volkswagen Beetle vehicles, two Ecto-2 helicopters, and a variety of action figures including two Slimer "Green Ghost" figures and several bagged character figures. Roleplay equipment is represented by a Proton Wand and Trap unit, a Ghost Popper, and a branded wristband. Additionally, the collection features a boxed "Things" Eggzilla figure by MB Games. Items are in varied played-with condition and are offered without original packaging, showing typical signs of age-related wear and potential missing smaller components. The collection consists of Kenner Ghostbusters, including various monsters and figures with vehicles. Also included is Fire Station Headquarters. There are no boxes. Condition appears Good to Excellent.

Estimate: £50-60

Lot No. 46

A collection of vintage Toxic Crusaders toys and games, based on the 1991 animated series spin-off of Troma's cult classic film, featuring three boxed vehicles by Playmates: the Apocalypse Attackcopter, the Toxic Turf Surfer, and the Hideous Hovercraft. This is a boxed group, and the collection is complete, including 1x Apocalypse Attackcopter, 1x Toxic Turf Surfer, and 1x Hideous Hovercraft. The set is accompanied by the Battle for Tromaville board game from International Games, presented in its original flat box, with board game (not checked for completeness). These items showcase the vibrant, neon-drenched aesthetic of the early 1990s gross-out toy era, with all pieces housed in their original illustrated packaging. The boxes exhibit signs of age-related shelf wear, including creasing, corner rubbing, and minor edge tears, but they remain a striking assembly of "hideously deformed creatures of superhuman size and strength." Condition appears Good to Excellent.

Estimate: £50-70

Lot No. 47

A selection of four Kenner Aliens vs. Predator action figures, including Lava Planet Predator, Scavage Predator, Predator Clan Leader, and a Warrior Alien vs. Renegade Predator two-pack complete with a Dark Horse mini-comic. The figures are complete with accessories and are presented on their original card backs, though they are unsealed or have been previously opened and reattached. Packaging displays moderate shelf wear throughout, including creasing, edge fraying, and a tear to the base of the two-pack card. These items are attached to carded backs but not sealed. Condition appears Good to Excellent.

Estimate: £50-60

Lot No. 48

The carded assortment includes Psycho, Headbanger, Nozone, two Dr. Killemoff figures, Junkyard, Major Disaster, Radiation Ranger, and Bonehead. These items are offered as opened or with detached bubbles re-secured to the original backing cards, exhibiting shelf wear, creasing, and corner damage throughout. Not sealed and opened carded backs. The collection includes 1x Psycho, 1x Major Disaster, 1x Dr Killemoff, 1x Junkyard, and others similar. The loose Toxie Avenger figure is accompanied by several orange and yellow accessories. A significant group of "hideously deformed creatures" from the iconic Troma-licensed toy line. Condition appears Good to Excellent.

Estimate: £50-60

Lot No. 49

A collection of ten vintage Kenner Beetlejuice action figures from the 1989-1990 animated series line, comprising a selection of fan-favourite characters and their associated gross-out accessories. The assortment includes Exploding Beetlejuice with Dreadful Dragon, Shish Kebab Beetlejuice with Scary Skewers, Shipwreck Beetlejuice with Horrible Harpoon, Spinhead Beetlejuice with Creepy Cockroach, Showtime Beetlejuice, and Adam Maitland. Additionally, the collection features four figures from the Neighborhood Nasties series: Street Rat, Teacher Creature with Apple Bomb, Hungry Hog, and Evil Buzzard. While these figures have been removed from their original blister packs, they are offered alongside cardbacks, providing a fantastic display opportunity for collectors of the Tim Burton-inspired toy line. The figures are not sealed and are loose with their carded backs, including 1x Exploding Beetlejuice, 1x Neighbourhood Nasties, 1x Shish Kebab Beetlejuice, 1x Shipwreck Beetlejuice, and others similar. Condition appears Good to Excellent.

Estimate: £50-70

Lot No. 50

A collection of vintage Kenner Beetlejuice toys from the late 1980s and early 1990s based on the iconic Tim Burton film, featuring a boxed Creepy Cruiser vehicle and a boxed Phantom Flyer vehicle alongside a boxed Vanishing Vault playset with its original micro figure. The group also includes two additional unboxed Vanishing Vault bases with gravestone backdrops and a selection of five loose action figures in polybags, showcasing various iterations of the "Ghost with the Most" in his signature suits. The original boxes display some age-related shelf wear, including minor creasing and edge rubbing, while the loose elements remain in good overall condition for collectors of movie memorabilia. Boxed and unboxed group to include: 1x boxed creepy cruiser, 1x boxed phantom flyer, 1x boxed vanishing vault, 2x unboxed vanishing vault, and loose figures. Condition appears Excellent.

Estimate: £50-70

Lot No. 51

A collection of five vintage film and television-related vehicles, featuring two Kenner The Real Ghostbusters Ecto-1 ambulances, two Kenner Beetlejuice Creepy Cruisers, and one ReBoot Bob's Drophead Car. The Ecto-1 vehicles showcase the iconic 1980s design, with one accompanied by a packet of loose decals for restoration, while the Beetlejuice cars include their distinctive steer skull ornaments and purple pop-up creature features. The ReBoot vehicle is finished in its characteristic red and silver styling as seen in the pioneering CGI series. All items are unboxed and exhibit signs of play wear, sticker loss, and general aging consistent with their vintage nature, offering an excellent opportunity for restorers and collectors. Note: this lot features Kenner Ghostbusters, Beetlejuice and Reboot toys, includes 2x Ecto-1 with loose decals, 2x Beetlejuice Creepy Cruiser, 1x Reboot Bobs Drophead Car, and comes with no boxes. Condition appears Good to Excellent.

Estimate: £40-50

Lot No. 52

The lot further includes a boxed Easy Biter Monster Machine, a loose Dracmobile vehicle, a coffin accessory, and a second loose Easy Biter bike, as well as several bagged loose figures and accessories. Packaging exhibits some age-related wear, including yellowing to the blisters and original retail stickers, but remains a comprehensive assembly for collectors of 1990s animation memorabilia. Condition appears Good to Excellent.

Estimate: £50-70

Lot No. 53

A collection of six vintage Independence Day (ID4) action figures manufactured by Trendmasters, based on the 1996 blockbuster film. The grouping consists of two large Alien Supreme Commander figures in original window boxes, alongside carded examples of two Alien Science Officers, one Alien Shocktrooper, and one Alien Attacker Pilot. The figures were originally designed with 'Mission Disk' accessories, electronic 'Try Me' features and opening bio-mechanical suits. All items are in unsealed packaging showing significant shelf wear, scuffing, and crushing to the boxes, particularly one of the Supreme Commanders, and the lot includes a variety of loose tentacles which would benefit from cleaning. This Trendmasters Independence Day group features not sealed scuffed boxes that would benefit from a clean. The collection includes 2x supreme commander, 2x science officer, 1x shock trooper, and 1x attack pilot. Condition appears Good to Excellent.

Estimate: £30-40

Lot No. 54

A comprehensive collection of vintage Kenner Swamp Thing action figures and playsets, primarily European multi-language releases from the early 1990s. The group features a mixed boxed/carded (not sealed) and loose group of French boxes/cards. The group features two boxed playsets: the Swamp Trap (Le Piège des Marais) and the Bio-Transmuter, both in original packaging showing shelf wear and creasing. Included are 1x Le Piège des Marais, 1x Transducteur, and others similar. Included are three carded figures—featuring Dr. Anton Arcane and Bio-Glow Swamp Thing—presented on worn cards with opened or taped bubbles. The lot is completed by two Bog Rover vehicles and an assortment of loose figures and accessories, including various Swamp Thing iterations and Un-Men monsters, some of which remain in original polybags. Items generally exhibit play wear, and packaging is in a mixed, unsealed condition. Condition appears Good to Excellent.

Estimate: £50-70

Lot No. 55

Tonka Super Naturals Tomb of Doom Ghostworld playset, a classic 1980s toy line featuring innovative hologram technology. This set includes the original playset, which is Tomb of Doom complete, along with a selection of loose action figures and accessories. With spare loose figures included. The playset retains its revolving floor and hologram-revealing tomb features. The original illustrated box is included, though it exhibits significant signs of age and storage wear, including heavy scuffing, creasing, and tearing to the top flaps; the box scuffed, while the internal figures and components show typical play wear consistent with age. Condition appears Good to Excellent.

Estimate: £60-80

Lot No. 56

A collection of 1990s action figures featuring characters from the pioneering CGI animated series ReBoot and the 1995 adventure film Congo. The ReBoot selection produced by Irwin Toys includes carded figures of Hack, Dot Matrix, Bob, Megabyte, Enzo, and Hexadecimal, accompanied by two loose figures of Bob and Megabyte. The Kenner Congo figures consist of Deluxe Monroe with firing shoulder cannon and Deluxe Bonecrusher. Figures are predominantly presented on original backing cards, though bubbles are noted as not being factory sealed and packaging exhibits signs of age-related shelf wear including creasing, tearing to cardstock, and yellowing to the plastic. This is an Irwin and Kenner mixed carded backed group (not sealed) to include Reboot and Congo, 1x Deluxe Bonecrusher, 1x Deluxe Monroe, 1x Megabyte, 1x Enzo and others similar, and does include some loose. Condition appears Good to Excellent.

Estimate: £40-50

Lot No. 57

A vintage 1987 Hasbro Transformers Generation 1 Scorponok action figure, the massive Decepticon City Commander from the Headmasters series. This iconic triple-changer transitions between robot, giant scorpion, and fortified city modes, retaining its signature maroon, lime green, and orange plastic components. The figure features original decals, articulated claws, and folding ramps, showing light surface dust and minor play wear commensurate with its age. This is a vintage Hasbro Transformer G1 Scorponok, and the figure is complete. Offered without its original box, this remains one of the most sought-after and imposing pieces from the original Transformers toy line. Condition appears Good to Excellent.

Estimate: £40-50

Lot No. 58

A collection of vintage action figures and vehicles featuring items from the Playmates Toxic Crusaders and Kenner Beetlejuice toy lines. The Toxic Crusaders selection includes Toxie and Bonehead action figures alongside three vehicles: the Smogcycle, the Hideous Hovercraft, and the Toxic Turf Surfer, accompanied by assorted accessories such as the Antacid Depth Charge and a toxic waste barrel. The Beetlejuice assortment includes a loose Kenner Showtime Beetlejuice figure with its Rotten Rattler snake accessory, an additional Beetlejuice figure sealed in a plastic bag, and Burger King promotional kids' meal toys including a multi-headed Beetlejuice and a Lydia Deetz figure on display bases. The toys present in play-worn condition, with some vehicles missing smaller attachments and the Toxic Turf Surfer retaining its vibrant patterned sail. Condition appears Good to Excellent.

Estimate: £40-50
